### Profile

I am an enthusiastic and dedicated introvert who has recently completed the web development bootcamp at Le Wagon.

Eager to embark on my next journey, I am keen to embrace a role as a Full-Stack Developer.

My skill set is not just limited to coding; I am also fluent in 5 languages, enhancing my ability to communicate and collaborate in diverse environments.

Known for my reliability and adaptability, I am comfortable working both independently and as part of a team.

I am quick to learn, deeply committed to my professional growth, and take substantial responsibility for the quality and success of my work.

### Education

#### Full Stack Web Development, Le Wagon

Full-stack Web Developer, Le Wagon Year 2023

Learned software fundamentals and databases. Mastered frontend development and web design skills.

Developed, implemented, and produced an AirBnB clone.

Deployed an app called "Travelpal" from scratch.

Adopted best-in-class development workflow.

### Projects

#### My portfolio

My portfolio currently contains one complete project, and I am currently working on an e-commerce project for friends. Check back soon to see updates and new work. I am excited to share my development with you!
